

## OAKVILLE BAND PARENTS ASSOCIATION SCRIP PROGRAM

We are excited to offer our parents the opportunity to participate in an expanded Scrip Program. The goal of this program is to reduce your child's band cost and raise funds for the general operating fund for the Oakville Band Parents Association (OBPA)! As you know, gift cards can be used to make everyday purchases with no additional cost to you.

75% of the rebate generated by your scrip purchases can be credited towards your child's band fees with the remaining 25% credited towards the OBPA general operating fund. Excluded are Dierbergs and Shop N' Save gift cards which will have a 80%/20% split in rebate. Anyone can purchase scrip, and, if they wish, can designate their share of the profit as a credit towards a specific band student's account or towards OBPA general operating fund.

Families wishing to participate are required to complete the attached enrollment form. Your account will be setup and tracking will begin right away. Periodical reports will be distributed reflecting purchases throughout the year.

The savings could really add up! For example, a purchase of a \$100 Dierbergs gift card, with a 5% rebate will result in a total credit of \$5.00. The student credit of 80% = \$4.00, the OBPA credit of 20% = \$1.00. If you made this purchase each week of the year, you could end up with a student credit of \$208. Imagine adding purchases of gift cards for the gas station, restaurants you visit regularly or those gift cards purchased during the holidays, for birthdays, or maybe that college student who is away from home. These and many other special occasions! There is no limit to the amount you could accumulate. Planning ahead is key to the success of this Program.

OBPA encourages you to complete the attached Scrip Registration Form and return immediately to the band room office or Scrip Coordinator, so that your family is signed up and ready to go with Scrip. This is not limited to immediate band families, extended family members and friends are welcome to join as well. Once registered, you will be provided with your individual ID and temporary password so that you may access your ShopWithScrip account and update your information.

The initial orders will be taken via Family Order Form, attached; along with a check, **payable to OBPA**, for the full value of the gift cards (cash is welcomed but not encouraged). If you do not provide the Scrip Registration Form prior you may also attach it to your first order. Other payment option will be offered once the Program has cycled through one successfully scheduled Scrip Order and Delivery Date.

Attached is the current schedule for Scrip Order and Delivery Dates, please take note that these dates are subject to change, at which time you will be notified.

For more information, please contact our Scrip Coordinator, Joan Wantland, 314-614-1610, joan.wantland@aol.com. Thank you in advance for your participation.
